Riddlesdown Collegiate

Welcome

Dear Applicant

Thank you for your interest in the post of *Assistant Director of Science*. I hope that this information pack will help you to learn more about our fantastic school and that you will be excited about the prospect of developing your career with us.

Riddlesdown Collegiate is an **outstanding** school (OFSTED, May 2016) with a clear vision to deliver successful outcomes and positive futures for all of our students. They are bright, well-motivated and a pleasure to work with, whilst our staff are talented, hard-working and ambitious for themselves and others. Our superb facilities enable us to provide the very best learning environment and learning experiences for our students and it is the combination of these factors that leads to the high academic standards and enviable reputation that *The Collegiate Trust* is known for. I am very proud of what we do and what we have achieved at the Collegiate and, as a *World Class School*, I hold the highest aspirations for what we will do and achieve in the future. You might like to watch our [Welcome, College VI](#) and [Teaching at Our School](#) videos.

As the *Assistant Director of Science* you will share responsibility with the Director of Science for the development of teaching and learning and the standards achieved in Science across the Collegiate. This will require effective professional leadership of a team of staff to ensure that all students enjoy a rich learning experience and make or exceed expected progress. The person specification identifies the experience, skills and attributes we are seeking, but in short we are looking for: an outstanding classroom practitioner with the ability to develop teaching and learning within the Science Department and across the Collegiate, a confident role model with the ability to motivate and influence, an individual with strategic and emotional intelligence and an ambitious leader. This is an exciting and very fulfilling post, providing excellent preparation for further promotion and, naturally, there will be high quality support and opportunities for further professional learning and development in the role.

In applying to *Riddlesdown Collegiate*, you will need to understand our “small schools” model and your potential role within it. Our VALUES underpin the way in which we work and describe our high expectations and our emphasis on positive relationships across the Collegiate. Our motto, “*Learners of today, Leaders of tomorrow*”, applies as much to staff as it does to students and it gives an indication of the significance we place on nurturing talent and leadership. I shall make a presentation to shortlisted candidates at the start of the interview day to illustrate our structure further and outline our requirements for all colleagues who work with us.

I would be delighted to receive an application from you if, upon consideration, you feel that this role and the Collegiate may be right for you. To submit an application, please complete the form on our website, attaching where requested a statement of no more than two sides of A4, identifying clearly how you meet the person specification. If you have any further questions about this post, I would be pleased to speak with you; please feel free to telephone me at the Collegiate.

Yours sincerely

Mrs K Turner
Principal

Key Information

We operate a “small schools” model – one school made up of a number of smaller learning communities, which we call Colleges, each with their own staff and facilities. Each College is led by its own Headteacher (who is an Assistant Principal) and has its own team of approximately 25 teachers and non-teachers, covering most curriculum areas. Students join one of the Colleges in Year 7 and remain there for five years before transferring to College VI, our specialist post-16 provision. In addition, the Creative and Performing Arts (CPA) College delivers specialist education to students across the Collegiate in Art, Drama, Design Technology, Media, Music and Physical Education whilst the MacKay College co-ordinates inclusion services to students with additional needs. Small teams, working with just 400 students each, allow us to provide even better pastoral care to all students, as well as engage with learners and their families in more effective partnerships. They also provide teaching across the curriculum and learning teams focusing on personalised approaches and best serving the needs of the individual students in their care.

Information about *The Collegiate Trust*

Our Trust works in the Crawley and Croydon areas with a clear vision to deliver *exceptional education for all*. Such an education achieves excellent outcomes in pupil progress and attainment, a rich creative, cultural and physical learning experience, and great personal and social development for all pupils. We achieve this by working with and developing strong teams of staff in each school, under the direction of the Principal of the school and the *Local Governing Body* (LGB)

The Trust has grown out of *Riddlesdown Collegiate*, an **outstanding** (OFSTED, May 2016) secondary school in Croydon with almost 2000 students and over 200 staff. *Gossops Green*, in Crawley, was the next school – and the first primary – to join the Trust, followed by *Waterfield Primary* (also in Crawley) on 1st March 2018. A second secondary, *The Quest Academy* (in Croydon), joined on 1st June 2018 and two further primaries, *Courtwood Primary* and *Gilbert Scott Primary* (both in Croydon) joined on 1st September 2018. Most recently, *Kenley Primary* joined on 1st September 2021.

Each school within the Trust is supported centrally by a designated *Director of School Improvement* on teaching and learning issues, the *Chief Operating Officer*, *Chief Finance Officer* & *HR Manager* on business management and HR issues, and the *CEO* on wider leadership issues. This complements rather than replaces in-school functions and allows the Principal and LGB to operate with a high level of autonomy in delivering the highest standards in their school. The LGB works to a *Scheme of Delegation* approved by the Trust's Board of Directors.

Our Values

Our ethos is to be a community in which all members are valued and value each other. We are the leaders of the Riddlesdown community, responsible for our learning and the Collegiate. We work together to maximise our own achievement and those of others. In applying for a post at Riddlesdown Collegiate, applicants should consider how they would promote our values in their day-to-day work with students, colleagues and other stakeholders.

Value each other

Aim high

Lead by example

Use and develop our talents

Excel in our efforts

Stick at it

Our Students

The vast majority of our students join the Collegiate in Year 7 with above average attainment. Behaviour is outstanding and our students consistently demonstrate their desire to learn and to achieve. They enjoy coming to school (attendance is over 95%) and enjoy lessons where they can explore, investigate and feel challenged by their learning. They equally value the opportunities they have to learn outside of the classroom and we are proud of the extensive and varied extra-curricular programme that our students enjoy and benefit from. It is these additional, high quality learning experiences, together with a strong set of academic qualifications that we believe provides our students with the very best chances of success in their future lives.

Science at Riddlesdown Collegiate

The Science team is very strong and aims to deliver the highest standards; GCSE results are within the top 10% of all schools nationally for value-added. At A level, Biology, Chemistry and Physics are among our highest-performing subjects.

The Science curriculum aims to inspire and excite students, encouraging them to ask questions of the world around them and seek answers. We wish to enthuse students to develop a love of science, to learn both inside and outside of the classroom, to grasp the theory and practice of the subject, whilst understanding its relevance to everyday life. Students are encouraged to develop confidence in their ability to analyse evidence, think critically and solve problems in a practical way. Our dedicated team of teachers aspire to ensure that students find their lessons engaging, thought-provoking, stimulating and relevant, in order to develop a life-long passion for learning, throughout their education and beyond.

At Key Stage 3, students are taught a full Science curriculum covering how organisms work, reproduction, health and disease, ecosystems and evolution, atom, materials, chemical reactions chemistry of the earth, forces, waves, energy, electricity and magnetism.

At Key Stage 4, all students follow the GCSE Edexcel Science 2016 course. We currently offer Separate sciences to 60 students in each year group. The remaining students study the Combined Sciences course.

At Key Stage 5, Biology, Chemistry and Physics are offered at AS and A2 level. Biology follows the OCR A specification and Chemistry and Physics follow AQA. Take up on these courses is high and results are strong and improving. Many of our students choose to study science and science related courses at some of the top Universities.

The Science team is comprised of sixteen full time Science teachers, including the Director of Learning for Science, two Assistant Directors of Learning, three Curriculum Leaders and four technicians. Science is extremely well resourced; all laboratories contain interactive whiteboards and practical work is an integral part of the curriculum and delivered regularly.

The Science staff work closely as a team, holding regular planning meetings to develop the curriculum and staff, and to exchange new ideas and information. Members of our team are passionate about their subject, ambitious for the students and work hard to ensure they are learning in the most effective ways possible. Our staff work effectively as a team and are extremely friendly, so teachers will always feel well supported.

Job Description

Purpose of the Post:

- To act as the second-in-charge of Science and the lead professional in Science in a College.

Accountable to: Head of College

Principal Accountabilities

A. Curricular Leadership

- To teach an agreed timetable, ensuring the highest quality provision for students.
- To prepare and deliver effective lessons, ensuring regular assessment informs all aspects of planning.
- To coordinate and monitor the delivery of high-quality teaching and learning across a Key Stage in Science.

Appointment will be dependent upon further health, medical and attendance checks.

Staff Benefits

The Collegiate Trust is an exciting, fast-paced group of schools committed to progress, collaboration and excellence for all staff and students alike. We are a dynamic and expanding trust of seven schools (two secondaries with Sixth Form provision, and five primaries) with numerous and diverse career opportunities for both new and existing staff.

All staff and governors, at every level of their career, in both teaching and business support functions, have an equal entitlement to Continuous Professional Development (CPD). This promotes, develops and supports staff in their shared commitment to lifelong learning. Results are reviewed and evaluated regularly in order to support further development of our CPD programme and drive constant improvement.

Through expert facilitation, Trust-wide collaboration, inter-school networking, and our extensive CPD programme, every member of staff has the opportunity to make substantial contributions to the development of the curriculum, pedagogy and delivery of business services, whilst improving their own prospects of career progression. We are committed to:-

- facilitating **career progression**
- offering **excellent professional development**
- providing **opportunities to lead**
- extending **support from Trust experts**
- developing **collaborative opportunities** to generate new and next practice

Other tangible benefits of working within a TCT school include¹:-

- ✓ Exceptional performance rewards
- ✓ Two-Week October Half Term (instead of 5 INSET days)
- ✓ Well-equipped Staff Rooms and Work Rooms in each College
- ✓ Excellent learning resources in classrooms
- ✓ Cutting-edge technology provision
- ✓ Staff Diner (delicious hot and cold meals every day)
- ✓ Free use of Fitness Suite

- ✓ Contribution to cost of Masters in Education
- ✓ Superb *NQT Induction Programme* including two-week paid training in June/July
- ✓ A designated delivery partner for the National Professional Qualifications (NPQs)
- ✓ In partnership with St Mary's University, facilitating the delivery of the *MA Education, Leading Innovation and Change*

Individuals who are successful in their application to The Collegiate Trust join us at an exciting time. In return for the opportunity to be part of our Trust, we ask that all joining members of staff share in our vision of "Exceptional Education For All" and are motivated to work continuously towards developing their own professional excellence.

¹ At the time of publication, not all benefits available at every TCT school.

How to find us

By Car

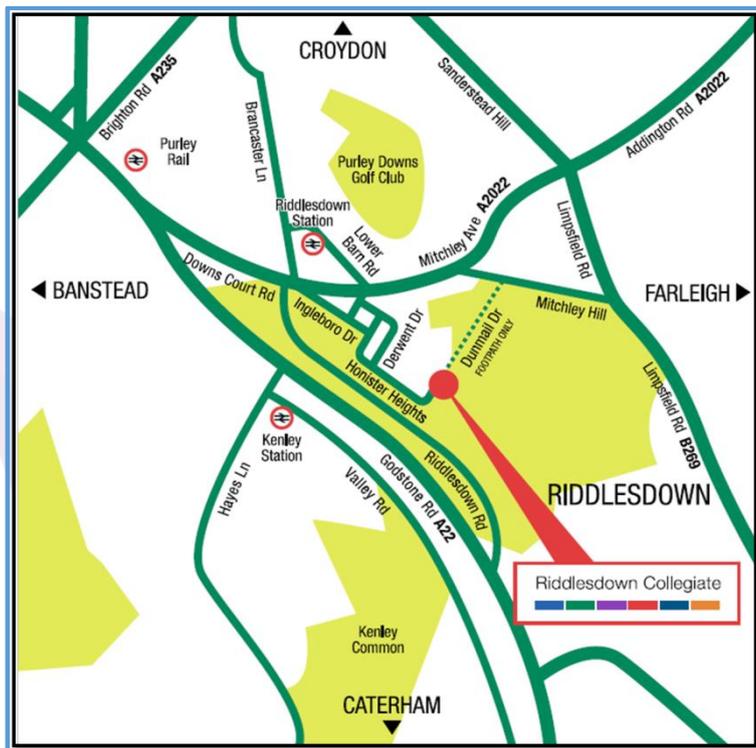

Please see the map.
M25 J6 or J7 are 10-15 minutes drive.
Parking is available on and off site.

By Train

A direct train from Victoria to Riddlesdown station takes 24 minutes. Riddlesdown station is a short walk from the school. Kenley station is also a short walk from the school, over the common. Kenley has direct trains from Victoria and London Bridge. More frequent trains run from Purley Station, where a 412 bus can be taken to Lower Barn Road, leaving a 10 minute walk.

By Bus

On routes 407, 412, 612.
