Dear Applicant

Thank you for your interest in the post of *Teacher of Geography*. I hope that this information pack will help you to learn more about our fantastic school and that you will be excited about the prospect of joining our excellent team.

Riddlesdown Collegiate is an **outstanding** school (OFSTED, May 2016) with a clear vision to deliver successful outcomes and positive futures for all of our students. They are bright, well-motivated and a pleasure to work with, whilst our staff are talented, hard-working and ambitious for themselves and others. Our superb facilities enable us to provide the very best learning environment and learning experiences for our students and it is the combination of these factors that leads to the high academic standards and enviable reputation that *The Collegiate Trust* is known for. I am very proud of what we do and what we have achieved at the Collegiate and, as a *World Class School*, I hold the highest aspirations for what we will do and achieve in the future. You might like to watch our [Welcome](#), [College VI](#) and [Teaching at Our School](#) videos.

Whether you are at the very beginning of your career or are looking to develop your experience, *Riddlesdown Collegiate* is a great place for professional growth. ECTs benefit from a paid induction period, prior to appointment, and a well-established programme of support throughout the year, whilst more experienced colleagues have many opportunities to develop skills and extend their professional learning through an extensive and varied programme of professional development. Our aim in all appointments is to appoint colleagues who will share our aspirations and make a major contribution to building the best life chances for our students.

In applying to *Riddlesdown Collegiate*, you will need to understand our “small schools” model and your potential role within it. Our VALUES underpin the way in which we work and describe our high expectations and our emphasis on positive relationships across the Collegiate. Our motto, “*Learners of today, Leaders of tomorrow*”, applies as much to staff as it does to students and it gives an indication of the significance we place on nurturing talent and leadership. I shall make a presentation to shortlisted candidates at the start of the interview day to illustrate our structure further and outline our requirements for all colleagues who work with us.

I would be delighted to receive an application from you if, upon consideration, you feel that this role and the Collegiate may be right for you. To submit an application, please complete the form on our website, attaching where requested a statement of no more than two sides of A4, identifying clearly how you meet the person specification. If you have any further questions about this post, I would be pleased to speak with you; please feel free to telephone me at the Collegiate.

Yours sincerely

Mrs K Turner
Principal

Key Information

We operate a “small schools” model – one school made up of a number of smaller learning communities, which we call Colleges, each with their own staff and facilities. Each College is led by its own Headteacher (who is an Assistant Principal) and has its own team of approximately 25 teachers and non-teachers, covering most curriculum areas. Students join one of the Colleges in Year 7 and remain there for five years before transferring to College VI, our specialist post-16 provision. In addition, the Creative and Performing Arts (CPA) College delivers specialist education to students across the Collegiate in Art, Drama, Design Technology, Media, Music and Physical Education whilst the MacKay College co-ordinates inclusion services to students with additional needs. Small teams, working with just 400 students each, allow us to provide even better pastoral care to all students, as well as engage with learners and their families in more effective partnerships. They also provide teaching across the curriculum and learning teams focusing on personalised approaches and best serving the needs of the individual students in their care.

Information about *The Collegiate Trust*

Our Trust works in the Crawley and Croydon areas with a clear vision to deliver *exceptional education for all*. Such an education achieves excellent outcomes in pupil progress and attainment, a rich creative, cultural and physical learning experience, and great personal and social development for all pupils. We achieve this by working with and developing strong teams of staff in each school, under the direction of the Principal of the school and the *Local Governing Body* (LGB)

The Trust has grown out of *Riddlesdown Collegiate*, an **outstanding** (OFSTED, May 2016) secondary school in Croydon with almost 2000 students and over 200 staff. *Gossops Green*, in Crawley, was the next school – and the first primary – to join the Trust, followed by *Waterfield Primary* (also in Crawley) on 1st March 2018. A second secondary, *The Quest Academy* (in Croydon), joined on 1st June 2018 and two further primaries, *Courtwood Primary* and *Gilbert Scott Primary* (both in Croydon) joined on 1st September 2018. Most recently, *Kenley Primary* joined on 1st September 2021.

Each school within the Trust is supported centrally by a designated *Director of School Improvement* on teaching and learning issues, the *Chief Operating Officer*, *Chief Finance Officer* & *HR Manager* on business management and HR issues, and the *CEO* on wider leadership issues. This complements rather than replaces in-school functions and allows the Principal and LGB to operate with a high level of autonomy in delivering the highest standards in their school. The LGB works to a *Scheme of Delegation* approved by the Trust's Board of Directors.

Our Values

Our ethos is to be a community in which all members are valued and value each other. We are the leaders of the Riddlesdown community, responsible for our learning and the Collegiate. We work together to maximise our own achievement and those of others. In applying for a post at Riddlesdown Collegiate, applicants should consider how they would promote our values in their day-to-day work with students, colleagues and other stakeholders.

Value each other

Aim high

Lead by example

Use and develop our talents

Excel in our efforts

Stick at it

Our Students

The vast majority of our students join the Collegiate in Year 7 with above average attainment. Behaviour is outstanding and our students consistently demonstrate their desire to learn and to achieve. They enjoy coming to school (attendance is over 95%) and enjoy lessons where they can explore, investigate and feel challenged by their learning. They equally value the opportunities they have to learn outside of the classroom and we are proud of the extensive and varied extra-curricular programme that our students enjoy and benefit from. It is these additional, high quality learning experiences, together with a strong set of academic qualifications that we believe provides our students with the very best chances of success in their future lives.

Geography at Riddlesdown Collegiate

The key aim for the Geography team is that all students acquire the geographical knowledge, understanding and skills to help them make sense of the changing world around them.

All students are taught for five periods across two weeks in Years 8 to 9 where the National Curriculum is followed. Students study a wide variety of courses at Key Stage 3 covering aspects of human, physical and environmental themes. In Years 10 students who opted for Geography have begun to follow the Edexcel A course whilst Year 11 students will continue to follow the OCR B GCSE for the final time. Both specifications allow students to study a range of topics from both the natural and human world and allow them to consider the interactions between the 2. Assessment is through three exams: one physical, one human and one Geographical Exploration/skills paper.

At A-level, the Edexcel specification is followed and content includes: Tectonic Hazards, Coastal Landscapes and Change, Globalisation, Regenerating Places, The Water Cycle and Water insecurity, The Carbon cycle and Energy security, Superpowers and finally Health, Human Rights and Intervention. Students will sit 3 exams: one physical, one human and one synoptic paper. Students also complete a n NEA on a title of their choice.

Each member of the team works under the supervision of the Director of Geography. Schemes of Work, Teaching Notes and Assessments have been updated in line with the latest developments in Geography teaching, research into pedagogical approaches and the National Curriculum. There is a strong team ethos within the group and team members have the benefit of a vast range of resources. Many different textbooks are available, in addition to other resources such as fieldwork equipment and we use a wide range of websites, such as Seneca, to support both teaching and learning and student progress. Teachers also have the opportunity to use computer equipment in the classroom and a weather station to carry out Micro climate investigations across the key stages.

Students are actively encouraged to engage with the world around them. Fieldwork is actively encouraged as an integral part of the subject and visits take place within the locality and further afield. We look forward to being able to visit places this year such as Hove with Year 11 to study coastal management and the London Docklands to consider urban sustainability. We are also hopeful to carry out a trip to the New Forest, to complete the A Level NEA and an extra-curricular trip to Iceland. The department is a member of both the GA and the RGS and we attend regular events run by both of these organisations. As a department we are always looking for ways to develop and bring Geography to 'life' for our students.
